IPCOSAptitude appoints BPC as partner and agent for Kuwait

IPCOSAptitude announces the appointment of BPC as its partner and agent for the State of Kuwait. IPCOSAptitude is a UK-based company focusing on delivery of high-performance Advanced Process Control (APC) solutions and consultancy services to the refining, gas processing, chemical and petrochemical markets and the supply of IPCOSAptitude's innovative APC software tools. IPCOSAptitude has offices in Cambridge, UK, and Chandigarh, India and is part of the IPCOS group, with offices in Belgium, The Netherlands and Saudi Arabia.

"This is a strategic and important development for IPCOSAptitude" remarks Sam Dhaliwal, Managing Director of IPCOSAptitude. "We can now offer our consultancy services and software to potential clients in Kuwait, building on our success in other countries in the Middle East. The knowledge and experience of the IPCOSAptitude team is strong and, due to our experience of this region, we understand the culture and business needs of clients there. We have chosen BPC due to their strong presence in Kuwait and commitment to deliver client satisfaction"

Mr. Issa Al-Abdeen, Deputy Managing Director of BPC Smart Manufacturing Technologies Department adds, "IPCOSAptitude's expertise is an excellent fit into our portfolio. We can now supply high level APC consultancy services and software to our many clients. We are delighted to represent IPCOSAptitude and look forward to years of success together in Kuwait."

Notes for the Editor

Regarding IPCOS and IPCOSAptitude Ltd

IPCOS and IPCOSAptitude are specialized in providing control software implementation products and services for the fast deployment of Advanced Process Control (APC) and real-time optimization applications in the oil, gas, petrochemical, glass, fertilizer and chemicals industries. These include base layer control optimization solutions, APC, process operations analysis, benefit studies, application maintenance and APC training services. The IPCOS teams have significant experience managing large, complex projects and satisfying multiple stakeholders. IPCOS and IPCOSAptitude also develop and license the INCA Suite, consisting of MPC, PID tuning, model identification and Softsensor technology and the AptiTune™ multivariable PID tuning software. IPCOS' unique business model has contributed to the success of many leading plants worldwide. IPCOS has offices in Belgium, The Netherlands, UK, India and Saudi Arabia.
